Education

2025 – Jun 2028 **Bachelor of Science in Computer Science**, *University of California, San Diego*, San Diego, CA

Expected Graduation: June 2028; GPA: 4.0/4.0

Relevant Coursework: Systems Programming, Computer Organization, Advanced Data Structures, Design and Analysis of Algorithms

2023 – 2025 **Associate of Science in Computer Science**, *Laney College*, Oakland, CA

Experience

2024–2025 **Computer Consultant**, *Oakland Public Library - Elmhurst Branch*, Oakland, CA

- Diagnosed computer and software issues for community members and provided step-by-step assistance tailored to different levels of digital experience.
- Taught basic software, computer, and internet skills and translated technical concepts into clear, practical guidance.

2024 **Digital Literacy Tutor**, *Community Technology Network*, Oakland, CA

- Provided one-on-one instruction to help adults build practical skills in computer operation and online services.

Projects

2026 **Quotaquarium**, *Personal Project*

- Built C++ firmware for an ESP32-S3 device integrating touch and motion peripherals, authenticated HTTPS access, multi-account support, and an interactive display.
- Added concurrent FreeRTOS tasks, bounded logging, and runtime diagnostics to isolate software and device issues and improve reliable operation.

2025 **HTML to ePub Converter**, *Personal Project*

- Engineered a Python pipeline with modular HTML parsing, metadata embedding, and structured error handling for reliable ePub generation.

2024 **Home Assistant Presence Plugin**, *Personal Project*

- Built a Python integration using sensor events and REST APIs to maintain real-time room-occupancy state and automate smart lighting.

Skills

Support End-user assistance, computer and software troubleshooting, problem diagnosis, user training, clear technical guidance

Programming Python, C++, Java, C

Systems Linux, Git, Docker, VS Code, HTTP/HTTPS, REST APIs, hardware-software integration

Engineering Data Structures, Algorithms, Object-Oriented Design, Software Testing, Debugging

Tools FreeRTOS, PlatformIO, structured logging, runtime diagnostics
