## Education

2025 – Jun 2028 **Bachelor of Science in Computer Science**, *University of California, San Diego*, San Diego, CA

Expected Graduation: June 2028; GPA: 4.0/4.0

Relevant Coursework: Systems Programming, Computer Organization, Advanced Data Structures, Design and Analysis of Algorithms

2023 – 2025 **Associate of Science in Computer Science**, *Laney College*, Oakland, CA

## Projects

2026 **Quotaquarium**, *Personal Project*

- Built an interactive C++ application that retrieves authenticated JSON data over HTTPS and presents account status, reset windows, alerts, and touch-driven controls through a user-focused interface.
- Developed reusable UI and rendering components, concurrent FreeRTOS workers, adaptive API polling, and runtime diagnostics to keep the application responsive and reliable.

2025 **HTML to ePub Converter**, *Personal Project*

- Engineered a Python content-processing pipeline with modular HTML parsing, metadata embedding, and structured error handling for reliable ePub generation.

2024 **Home Assistant Presence Plugin**, *Personal Project*

- Built a Python integration that converts entry and exit sensor events into real-time room-occupancy state.
- Designed an event-driven workflow integrating REST APIs and explicit state transitions for dependable smart-lighting automation and easier testing.

## Skills

Programming Python, C++, Java, C, HTML

Web & APIs REST APIs, JSON, HTTP/HTTPS, authenticated API clients, event-driven applications

Engineering Algorithms, Data Structures, Object-Oriented Design, Software Testing, UI Debugging

Tools Git, GitHub, Docker, VS Code, Linux, FreeRTOS, PlatformIO

## Activities

2024–2025 Computer Consultant, Oakland Public Library - Elmhurst Branch

Diagnosed computer and software issues, documented solutions, and communicated technical guidance to users with varied experience.

2024 Tutor, CTN (Community Technology Network)

Provided one-on-one digital-literacy instruction and adapted explanations to individual user needs.

2025–Present Member, UCSD Envision Makerspace
