Education

2025 – Jun 2028 **Bachelor of Science in Computer Science**, *University of California, San Diego*, San Diego, CA

Expected Graduation: June 2028

Relevant Coursework: Advanced Data Structures, Design and Analysis of Algorithms, Systems Programming, Computer Organization, Machine Learning

2023 – 2025 **Associate of Science in Computer Science**, *Laney College*, Oakland, CA

Projects

2026 **Quotaquarium**, *Personal Project*

- Built a user-facing C++ application that integrates authenticated APIs and presents live multi-account quota data, reset windows, configurable alerts, and interactive controls.
- Designed concurrent workers, adaptive HTTPS polling, and rate-limit-aware scheduling; added modular components, structured logging, and runtime diagnostics for maintainability and reliable debugging.

2024 **Home Assistant Presence Plugin**, *Personal Project*

- Built a Python integration that converts entry and exit sensor events into real-time room-occupancy state.
- Designed an event-driven REST API workflow with explicit state transitions for reliable smart-lighting automation and easier testing and debugging.

2023 **Console Snake Game**, *Personal Project — Java*

- Implemented game state, movement, and collision detection using object-oriented design and modular Java components.
- Applied data structures and version control while refining runtime behavior through iterative debugging.

Skills

Programming Java, Python, C++, C

Engineering Data Structures, Algorithms, Object-Oriented Design, Design Patterns, Modular Design, Software Testing, Debugging

Web & Systems REST APIs, HTTP/HTTPS, authenticated API integration, event-driven and concurrent systems

Tools Git, Docker, Linux, VS Code

AI Tooling Codex-assisted implementation, refactoring, debugging, code validation, and technical documentation

Experience

2024–2025 Computer Consultant, Oakland Public Library - Elmhurst Branch

Diagnosed computer and software issues and translated technical solutions into clear guidance for community members.

2024 Tutor, CTN (Community Technology Network)

Provided one-on-one tutoring to help adults improve digital literacy skills, including computer operation and internet usage.
